<b>Comments/Observations/Problems:</b> Indiana's WHPP was approved in April, 1997 and is partially implemented through a WHP rule effective March 28, 1997. The WHP Rule does not require communities to submit WHP plans until March, 2000. However, more progress is occurring than was reported since the Region funded at least 3 communities through management plan development under the demonstration grant program (Speedway, South Bend, Elkhart). However, the State does not officially report these because they are not State-approved.
